We are a leading manufacturer and supplier of specialised handling, processing and forming systems for the chocolate industry.

ipco.com
SGL Technology, part of IPCO, is a leading manufacturer and supplier of specialised handling, processing and forming systems for the chocolate industry and a company with a wealth of experience across the broader food processing industry.

Responsive service, global support
SGL Technology is now part of IPCO, a market leader in the design, engineering and installation of processing systems and a company with a history that extends back well over a century.

Choose IPCO as your partner supplier and you benefit not only from our expertise in the design and installation of solidification and handling plant, but also from the reassurance of working with one of the world’s most forward thinking engineering groups.

IPCO is a high-technology engineering business with advanced products, innovative solutions and world-leading positions within multiple areas. As part of this group, we’re able to offer the specialist skills and responsiveness of a medium-sized company, backed up by the strength and stability of a globally active company; the Swedish FAM AB group, owned by The Wallenberg Foundations.

The MCC 1500 Multi-Layer Chocolate Moulding Line is one such system.
• Three depositor modules.
• Innovative multi-layer cooling.
• Maximise productivity – up to 6 t/h.
• Unique modular design.
• Easy cleaning.
• Flexible/quick changeover <30 min.
• Servo motor driven.
• Compact design – low floor space requirement.
• Minimal tooling parts.
• High capacity in small chip counts.
• Low maintenance costs.
• Built-in utilities.
• Easy operation via 12” touchscreen.
• Recipe controlled HMI.
